

BCaBA Examination Pass Rates for Verified Course Sequences

2015-2019

The following data show the annual number of first-time examination candidates from ABAI Verified Course Sequences and their overall pass rates. Candidates are included in a course sequence’s pass-rate data if they used coursework entirely from that sequence to meet certification eligibility requirements. Data are not reported for (a) course sequences in their first four years of operation and (b) course sequences with fewer than six first-time candidates in a given year. Combined data are reported for course sequences with too few first-time candidates in each year, but six or more in a two-year period.

Summary Statistics		
Year	Number of First-time Candidates	Pass Rate of First-time Candidates
2019	1441	62%
2018	1245	62%
2017	1005	65%
2016	812	65%
2015	541	70%
